

# Weekly Report

Lu Junhua

2016 年 5 月 22 日

## Done

- Prepared for the Group Meeting, wrote the blog of this paper.
- Finished writing patents.
- Learned several methods on optimization for course assignments.
- Skim over the pvis 2016 paper on regression analysis, and wrote my understandings on it (see another pdf file).

## To do

- Made little modification and a summary for the survey on FCS.
- Prepare for a presentation on Wednesday for Ke Junming's absence.
- Finish course assignments codes.
- Revisions on other works.
